

SD60 TOILET PUMP

- **FULLY INTERCHANGEABLE WITH OTHER LEADING MAKES**
- **CAN PASS SOLIDS OF UP TO 19mm**
- **QUICK & EASY TO FIT**
- **EXCELLENT CAPACITY – 0.75LTRS PER STROKE**
- **RUGGED CONSTRUCTION**

The SD60 Toilet Pump has been specifically designed for the Portable Toilet market, and is incredibly popular across Europe. It's rugged make-up can withstand the most arduous and prolonged use. It has an excellent capacity of 0.75ltrs per stroke and can pass solids up to 19mm when fitted with 38mm ports or 12.5mm when fitted with 25mm ports – pump is supplied with both. The fitting of the pump is quick and easy thanks to the round mounting ring and self-tapping screws and it is fully interchangeable with other leading makes. The inlet and outlet ports can be rotated to give vertical or horizontal suck and delivery options to suit your application.
