

ACCESSORIES FOR MARINE PUMPS

STRUM BOXES

Designed to ensure the maximum efficiency of your pump by holding the hose securely in place at the bottom of the bilge. In addition, the perforated base plate prevents the uptake of debris which severely hampers the performance of the pump. A non-return valve is integral.

B1738 1"/1 ½" Strum Box
B7738 ¾" Strum Box

NON RETURN VALVES

Designed to fit into the suction pipe to improve the performance of Patay diaphragm pumps where a high suction lift is required. Reverse flow of liquid in the suction pipe is prevented. Polypropylene body with Nitrile valves.

B2149 ¾" Non Return Valve
B2150 1" Non Return Valve
B2151 1 ½" Non Return Valve

HOSE

This spiral reinforced PVC hose has an excellent life span and is recommended for all suction purposes as it will not kink.

D1135 1 ½" (38mm) ID Bore Hose
D1591 1 ¼" (32mm) ID Bore Hose
D1136 1" (25mm) ID Bore Hose
D1511 ¾" (19mm) ID Bore Hose
